<p>
    It's so fun to watch a book adaptation of a book that actually read. And it did
    not disappoint!
</p>
<p>- Jonah's visuals: I think he should've been a POC. The book never tells you that
    he is white, only that he has dark features</p>
<p>- Jenny's "I'm pregnant" scene was cut off.</p>
